(406) 261-9426

Summary

Post-doctoral researcher in statistics with consulting, research, and teaching experience. Strong analytical skills pertaining to spatial statistics, Bayesian computation, and analysis of ecological data types. Research interests include: Bayesian computation, spatial statistics, species distribution modeling, modeling of wildlife disease, data visualization, and teaching techniques for data science.

Education

Montana State University — Bozeman, MT
Bachelor of Science with Honors in Mathematics (focus: Statistics) — December 2016

Montana State University — Bozeman, MT
Master of Science in Statistics — May 2018

Montana State University — Bozeman, MT
Doctor of Philosophy in Statistics — May 2022
Dissertation: *Bayesian Hierarchical Latent Variable Models for Ecological Data Types*
Advisors: Dr. Andrew Hoegh and Dr. Jennifer Green

Peer-reviewed Journal Articles

In Review

Stratton, C., A. Hoegh, T.J. Rodhouse, J.L. Green, K.M. Banner, and K.M. Irvine. "Clustering and unconstrained ordination with Dirichlet process mixture models." In review in *Methods in Ecology and Evolution*.

Stratton, C., K.M Irvine, K.M. Banner, E.S. Almberg, D. Bachen, and K. Smucker. "Joint spatial modeling bridges the gap between disparate disease surveillance and population monitoring efforts informing conservation of at-risk bat species." In review in the *Journal of Agricultural, Biological, and Environmental Statistics*.

Oram, J., K.M. Banner, **C. Stratton**, and K.M. Irvine. "Verifying species classification labels using stratified-by-species sampling reduces cost of long-term acoustic monitoring." In review in *Methods in Ecology and Evolution*.

Retel, C., A.J. Strien, K.M. Irvine, and **C. Stratton**. "Trends in plant cover derived from vegetation-plot data using ordinal zero-augmented beta regression." In review in the *Journal of Vegetation Science*.

Presentations

Stratton, C., K.M. Irvine, K.M. Banner, E. Almberg, D. Bachen, and K. Smucker. "Joint spatial modeling of ecological response and disease processes improves estimator precision." 2023. Talk given at the Joint Statistical Meetings. Toronto, Ontario, Canada.

Stratton, C., K.M. Irvine, K.M. Banner, E. Almberg, D. Bachen, and K. Smucker. "A statistical framework for integrating White-nose syndrome surveillance data and acoustic population monitoring data."2023. Talk given to the U.S. Geological Survey Disease Coordination Group. Virtual.

Stratton, C., K.M. Irvine, K.M. Banner, E. Almberg, D. Bachen, and K. Smucker. "Leveraging WNS surveillance and NABat data improves estimation of disease spread and bat activity." 2023. Poster presented at the Whitenose Syndrome National Meeting. Palm Springs, California, USA.

Stratton, C., K.M. Irvine, E. Almberg, K. Smucker, and J. Gude. "Joint spatial modeling of relative activity and disease processes." 2022. Poster presented at the ENVR 2022 Workshop: Environmental and Ecological Statistical Research and Applications with Societal Impacts. Provo, Utah, USA.

Stratton, C., K.M. Irvine, E. Almberg, K. Smucker, and J. Gude. "Bats & Stats: Assessing Impacts of White-nose Syndrome on Western Bat Species." 2022. Talk given at the Northern Rocky Mountain Science Center. Bozeman, Montana, USA.

Stratton, C., A. Hoegh, K.M. Irvine, K.M. Banner. 2021. "Clustering and ordination with Dirichlet process mixture models." Invited talk given at the Joint Statistical Meetings. Virtual.

Stratton, C., J.L. Green. 2021. "Beyond normal: Understanding power through `R` Shiny." Poster presented at the United States Conference on Teaching Statistics. Virtual.

Stratton, C., A. Hoegh, and J.L. Green. 2018. "Predicting pitch type: A case study in Bayesian hierarchical multinomial regression." Invited talk given at the Joint Statistical Meetings. Vancouver, Canada.

Stratton, C., A. Hoegh, and J.L. Green. 2018. "Unraveling Kershaw's dominance." Poster presented at The Cascadia Symposium on Statistics in Sports. Vancouver, Canada.

Stratton, C. and J.L. Green. 2018. "The power of technology: A Shiny applet assisted approach to teaching statistical power." Poster presented at the Electronic Conference on Teaching Statistics. Virtual.

Peer-reviewed Science Software

Stratton, C., A. Hoegh, A. Sepulveda, and K.M. Banner. 2020. "`msocc`." `R` package to support computationally efficient implementation of Bayesian multi-scale occupancy models.

Experience

Montana State University Bozeman, MT
Post-doctoral researcher July 2022 | Present
Advisors: Dr. Kathryn Irvine (USGS) and Dr. Katharine Banner (MSU)

- Developed statistical modeling frameworks for ecological data structures
- Authored multiple peer-reviewed journal articles and technical reports
- Communicated complicated statistical models to domain experts from multiple agencies
- Co-mentored a graduate-level statistician in support of research and analyses

U.S. Geological Survey Bozeman, MT
Student contractor August 2020 | July 2022
Supervisor: Dr. Kathryn Irvine (USGS)

- Provided analyses for Endangered Species Act listing decisions
- Authored peer-review journal articles and technical reports
- Collaborated with scientists from multiple domains

Montana State University Bozeman, MT
Math Learning Center Supervisor June 2019 | December 2019

- Supervised graduate and undergraduate tutors
- Coordinated monthly meetings
- Proposed and implemented logistical improvements including novel tutoring practices
- Coached new tutors on how to effectively communicate mathematics

Montana State University Bozeman, MT
Graduate Research Assistant January 2019 | August 2020

- Resolved a wide scope of ecological problems using various techniques
- Collaborated and communicated with domain experts in ecology and land-resource management
- Developed models and tools to aid collaborators
- Authored papers, web applications, and R packages

Montana State University Bozeman, MT
Statistical Consultant August 2017 | May 2018

- Communicated with clients
- Identified solutions to a wide scope of problems
- Successfully collaborated across departments to resolve problems

Montana State University Bozeman, MT
Graduate Teaching Assistant January 2017 | December 2018

- Implemented active learning teaching strategies for introductory statistics
- Planned and prepared course materials
- Coached students in a collaborative learning environment

Montana State University Bozeman, MT
Math Learning Center Tutor August 2014 | December 2016

- Tutored students in a wide array of mathematics and statistics
- Implemented active learning tutoring strategies
- Facilitated management of operations in tutoring center

Teaching Experience

Guest Lecturer Bozeman, MT
STAT 408: Statistical Computing and Graphics Analysis S22
Provided guest lectures on data visualization with the `tidyverse` and implementing version control software in statistical analyses to undergraduate-level statistics students.

Guest Lecturer Bozeman, MT
STAT 402/502: Intermediate Mathematical Statistics S19
Provided guest lecture on interpreting statistical power to undergraduate-level and graduate-level mathematical statistics students using `R Shiny`.

Teaching Assistant Bozeman, MT
STAT 411/511: Methods for Data Analysis I S19
Teaching assistant responsibilities included: grading homeworks and exams, writing and leading interactive lab assignments, and providing intermittent lectures on coding in `R` with an emphasis on data visualization.

Instructor of Record Bozeman, MT
STAT 217: Intermediate Statistical Concepts F18
Lead instructor responsibilities included: leading lectures, writing lecture notes, writing and grading homeworks and exams, writing lab assignments, and supervising teaching assistants.

Instructor of Record Bozeman, MT
STAT 216: Introduction to Statistics S17, F17, S18
Lead instructor responsibilities included: leading lectures, writing lecture notes, writing and grading homeworks and exams, and writing lab assignments.

Service

Montana Chapter of the American Statistical Association Bozeman, MT
Chapter Secretary and Council of Chapters Representative Sept 2022 | Present
Responsibilities included facilitating coordination of annual meetings, keeping meeting notes, and attending the CoC session at the Joint Statistical Meetings.

Bozeman Environmental and Ecological Statistics (BEES) Bozeman, MT
Co-President Sept 2022 | Present
The BEES research group is an group focused on mentoring graduate students with interest in statistical research motivated by environmental and ecological applications. Responsibilities as co-president include coordinating bi-weekly meetings, mentoring graduate students, providing papers for literature review sessions, maintaining the group website, and coordinating invited speaker presentations.

Annals of Applied Statistics
Referee 2023
Refereed papers for the *Annals of Applied Statistics* journal.

Montana State University STEAM Day Bozeman, MT
Workshop Presenter April 2023
MSU STEAM Day is a one-day conference that includes hands-on workshops in the STEAM fields of science, technology, engineering, art and math for girls in grades six, seven, and eight. Responsibilities

included presenting an interactive activity introducing statistical inference using the dice game Pass the Pigs.

DataFest Bozeman, MT
Volunteer judge 2019, 2022
Volunteer responsibilities included providing guidance to undergraduate-level and graduate-level students competing in DataFest competition.

Skills

Statistical computing languages:	R, Julia, SAS
Other programming languages:	HTML, Markdown, Quarto, R Shiny, Tableau
Probabilistic programming languages:	BUGS, JAGS, NIMBLE, Stan
Database management systems:	SQL, SQLite, Microsoft Excel
Word processors:	LaTeX, Microsoft Word
Operating systems:	Windows, Mac OS

Awards

Three Minute Thesis Competition Finalist Bozeman, MT
Finalist for the Three Minute Thesis competition February 2020

Dr. William A. Stannard Award for Excellence Bozeman, MT
Recognition of outstanding graduate student teaching May 2018

Outstanding Graduate Student Award Bozeman, MT
Recognition of superior academic achievement among graduate students May 2017

John L. Magaret Math/Science Scholarship Bozeman, MT
Recipient of scholarship for outstanding academic achievement January 2017

Milton-Chauner Math Scholarship Bozeman, MT
Recipient of scholarship for outstanding academic achievement August 2016

Outstanding Undergraduate Student Award Bozeman, MT
Recognition of superior academic achievement among undergraduate students May 2016

Outstanding Scholar Award Bozeman, MT
Recognition of superior academic performance May 2016

Montana State University System Award Bozeman, MT
Scholarship for outstanding academic performance December 2015

Phi Kappa Phi Bozeman, MT
Member of Phi Kappa Phi, a national multi-disciplinary honor society March 2015

Pi Mu Epsilon Bozeman, MT
Member of Pi Mu Epsilon, a national mathematics honor society December 2014
